Please keep in mind that this is just the beginning of your training – the **construction manual** is much more thorough. Plus, in-person, hands-on Training will give you a better idea for how building materials come together to form all of SSP's projects.

AND NOW FOR SOME INSPIRING PHOTOS OF PAST SSP PROJECTS…

Chiloquin 2018

Spokane 2018

Smith River 2018

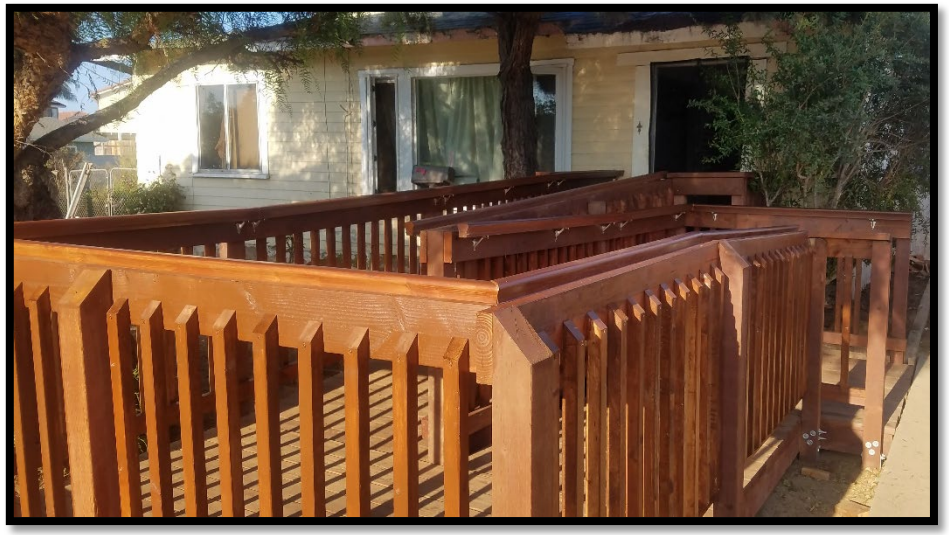

Tsaile 2018

San Diego 2018

Which of your team's projects will be included in Online Training next year?

Take lots of pictures of youth working everyday and the final projects!

Be proud of the work that you accomplish this summer!

“When in doubt, give a shout!”
Megan and McKenna are excited to help you with any problems that need solving!
