

# Site-Specific Facilities, Weather, & Packing Lists

*In addition to* the overall individual and group packing lists above, we ask volunteers serving at specific sites to plan according to weather and site accommodations. See below for your site's specific list.

## Chiloquin, OR

In Chiloquin, SSP volunteers will stay at a local school, where volunteers will be housed in a large gym space with on-site showers. **Average summer temperatures range from lows in the 40s-50s, and highs in the 80s-90s.** We recommend bringing:

- ☐ Loose-fitting clothing that allows for airflow (lightweight fabrics are best)
- ☐ Layers for colder mornings and evenings
- ☐ Ample sun protection

## Del Norte County, CA

In Del Norte County, volunteers will be housed at [Crescent City United Methodist Church](#). Volunteers will stay in various classrooms and the fellowship hall at the church. If needed, RVs (no hookups) may also be accommodated in the parking lot. The Northern California coast is cold, especially compared to other SSP sites. **Average temperatures range from 50-64°F**, with rain possible. We recommend bringing:

- ☐ Raincoat and/or windbreaker
- ☐ Extra sweatshirt
- ☐ Knit hat, scarf, and tall socks (wool recommended)

## Navajo Nation (Tsaile, AZ)

In the Navajo Nation, volunteers will be housed in dorms at [Diné College](#). At high elevations (7,142 feet above sea level) sun exposure is greater and summer can include heavy monsoon rains and thunderstorms. **Average summer temperatures range from 55-85°F.** It can be warm during the day and cooler at night; pack accordingly! We recommend bringing:

- ☐ Raincoat and/or windbreaker
- ☐ Loose-fitting clothing that allows for airflow (lightweight fabrics are best)
- ☐ Ample sun protection
